

Bringing PAWS-itivity to Suffolk

PAWS-itivity is a major fundraising initiative for Suffolk Libraries which will see up to 45 dog sculptures, individually designed by local artists in libraries across the county in Summer 2023. It will launch at the Suffolk Show and will raise funds through various activities and initiatives, culminating in a special dog sculpture auction event to be held in October at Trinity Park, Ipswich.

We would be very grateful to any Friends of Suffolk Libraries group that is able to make a donation to support the campaign, which will be used to help cover the costs associated with creating the sculptures. You will be contributing to an initiative that we hope will raise more funds for Suffolk Libraries than any previous initiative that we have run.

Where a friends group makes a donation of £100 or more, the dog sculpture in their library will have a bespoke tag added to the dog's collar which acknowledges their contribution.

Donations of £100 - a bronze tag
£250 or more - a silver tag
£500 or more - gold tag

All contributing groups will also be acknowledged on a dedicated web page, demonstrating the unique power of Suffolk Libraries as a charity that is supported by its friends.
